### CUSTOMER ACKNOWLEDGEMENT

The Customer acknowledges that the raw data is not fully restricted by the high-quality demands of the Blueprint Genetics' full diagnostic services. The data can be delivered without fulfillment of Blueprint Genetics' diagnostic performance and quality standards. The Customer acknowledges that there is a risk of false positive and false negative findings persisting in the data. Blueprint Genetics strongly advises against using the data as sole basis for clinical management decisions. Blueprint Genetics cannot assist with interpretation of the data and is not liable for any direct, consequential, indirect or any other damages arising out of utilization of the data.
