Blueprint Genetics
Talks & Sessions

Our scheduled talks

Wednesday
Scientific concurrent session: “The Eyes Have it: Genetics of Ophthalmological Disorders”
Time: 1:30 pm – 3:30 pm
Place: Room 6E

2:30 pm – 3:00 pm
UTILIZATION OF NEXT GENERATION SEQUENCING IN THE MOLECULAR DIAGNOSIS OF INHERITED RETINA DISORDERS
Jennifer Schleit, PhD, FACMG, Senior Geneticist at Blueprint Genetics

Friday
Exhibit Theater presentation: “Improved Diagnostic Yield in Rare Hereditary Disorders”
Time: 12:30 pm – 1:00 pm
Place: Exhibit Theater 2

MEETING CLINICAL NEEDS USING CUSTOMIZED WHOLE EXOME SEQUENCING SOLUTIONS
Kim Gall, MSc, CGC, Clinical Liaison, Blueprint Genetics

NEW: In-booth Q&A sessions (20 min)

Thursday
Time: 3:40 pm - 4:00 pm
Booth: #805
WHAT IF IT’S A VUS? Discussion on why variants are classified as a VUS and what can be done to advance reclassification
Jennifer Schleit, PhD, FACMG, Senior Geneticist at Blueprint Genetics

Friday
Time: 10:10 am - 10:30 am
Booth: #805
IN THE HEART OF GENETICS – Latest updates in cardiovascular genetic testing
Juha Koskenvuo, MD, PhD, Laboratory Director, Chief Medical Officer at Blueprint Genetics
What should you consider when choosing genetic testing for your patient?

Visit us at booth #805 to hear about our whole exome sequencing (WES) platform and how we have customized it to provide you with maximized diagnostic potential.
